I can't recall how the conversation turned to this ...
What... did you just say
Yes,
No, er, I just ...
Please excuse me!
Allow me to retract my state -ment
It doesn't matter, 2nd Lt Serebryakov repeat your comment, it's an order
Yes, it doesn't matter
Yes... excuse me for saying this ...
That Major Degurechaff is also a girl ...

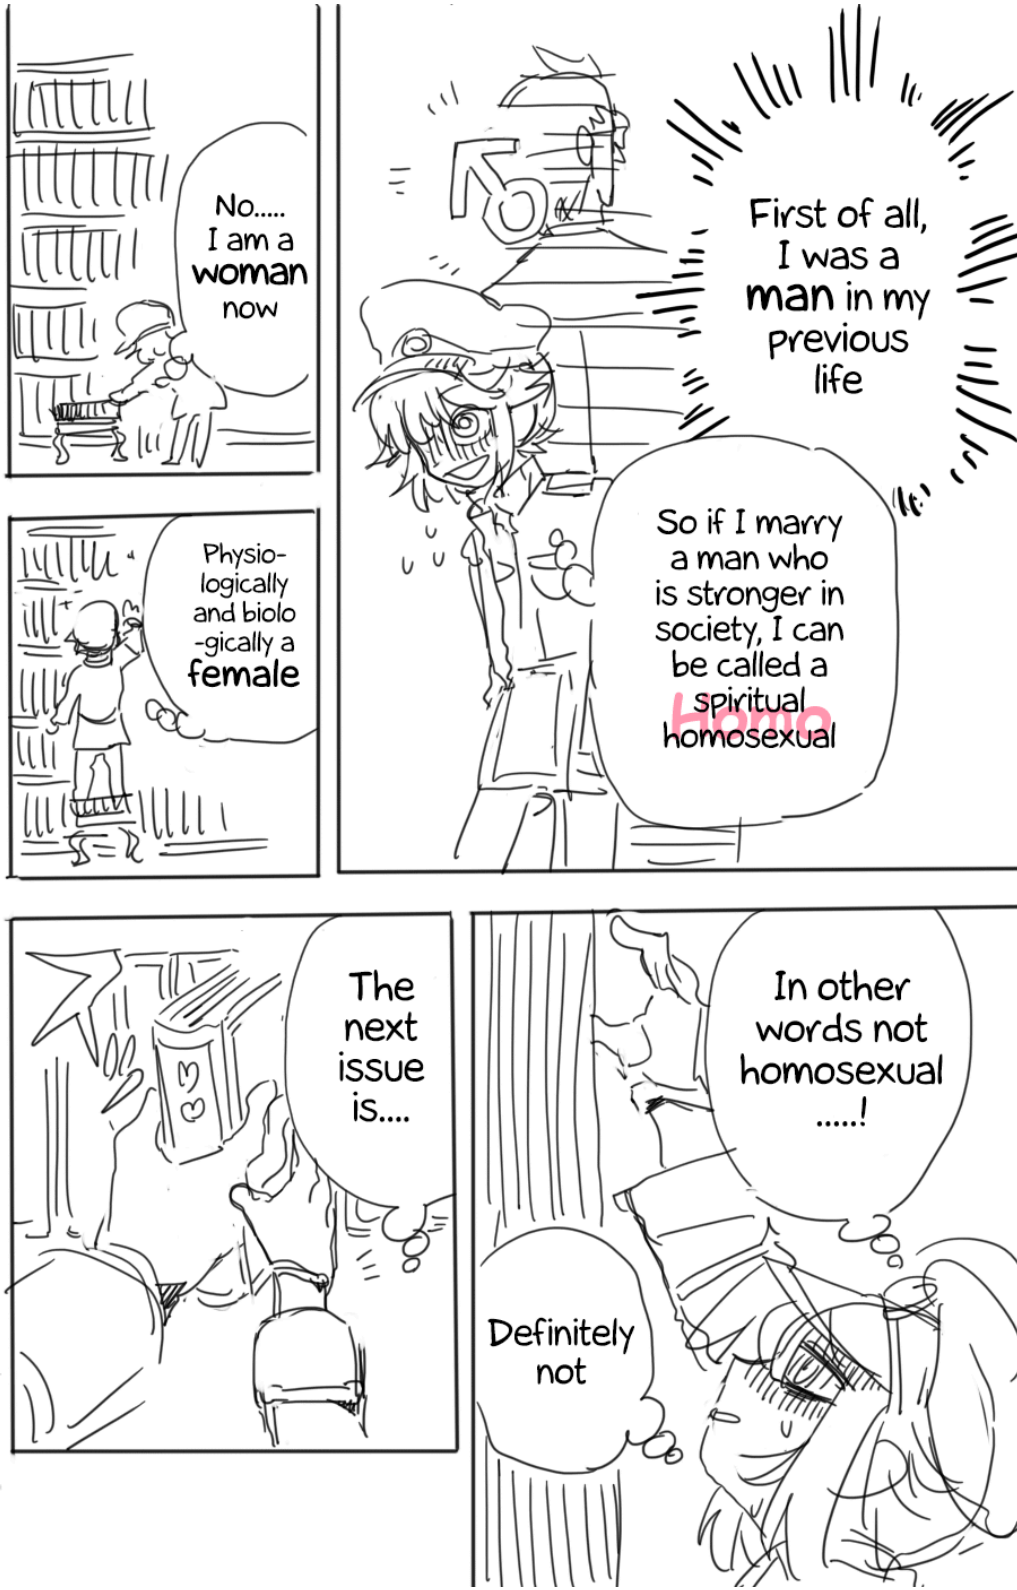
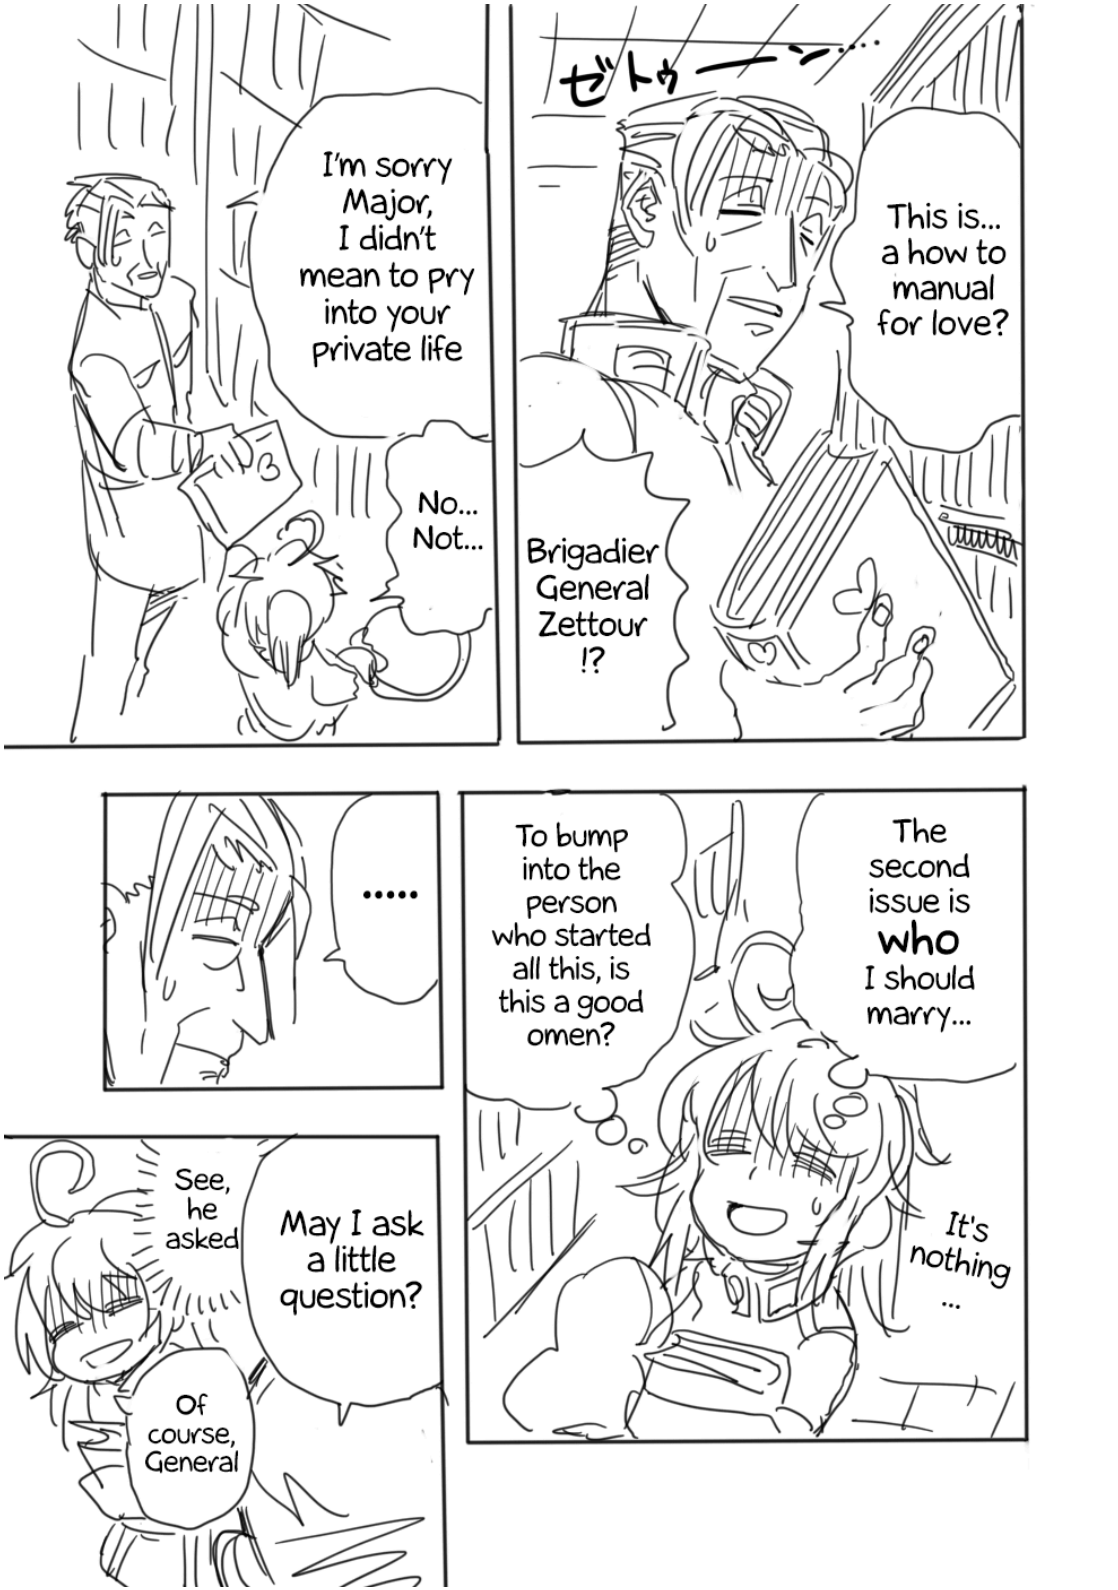
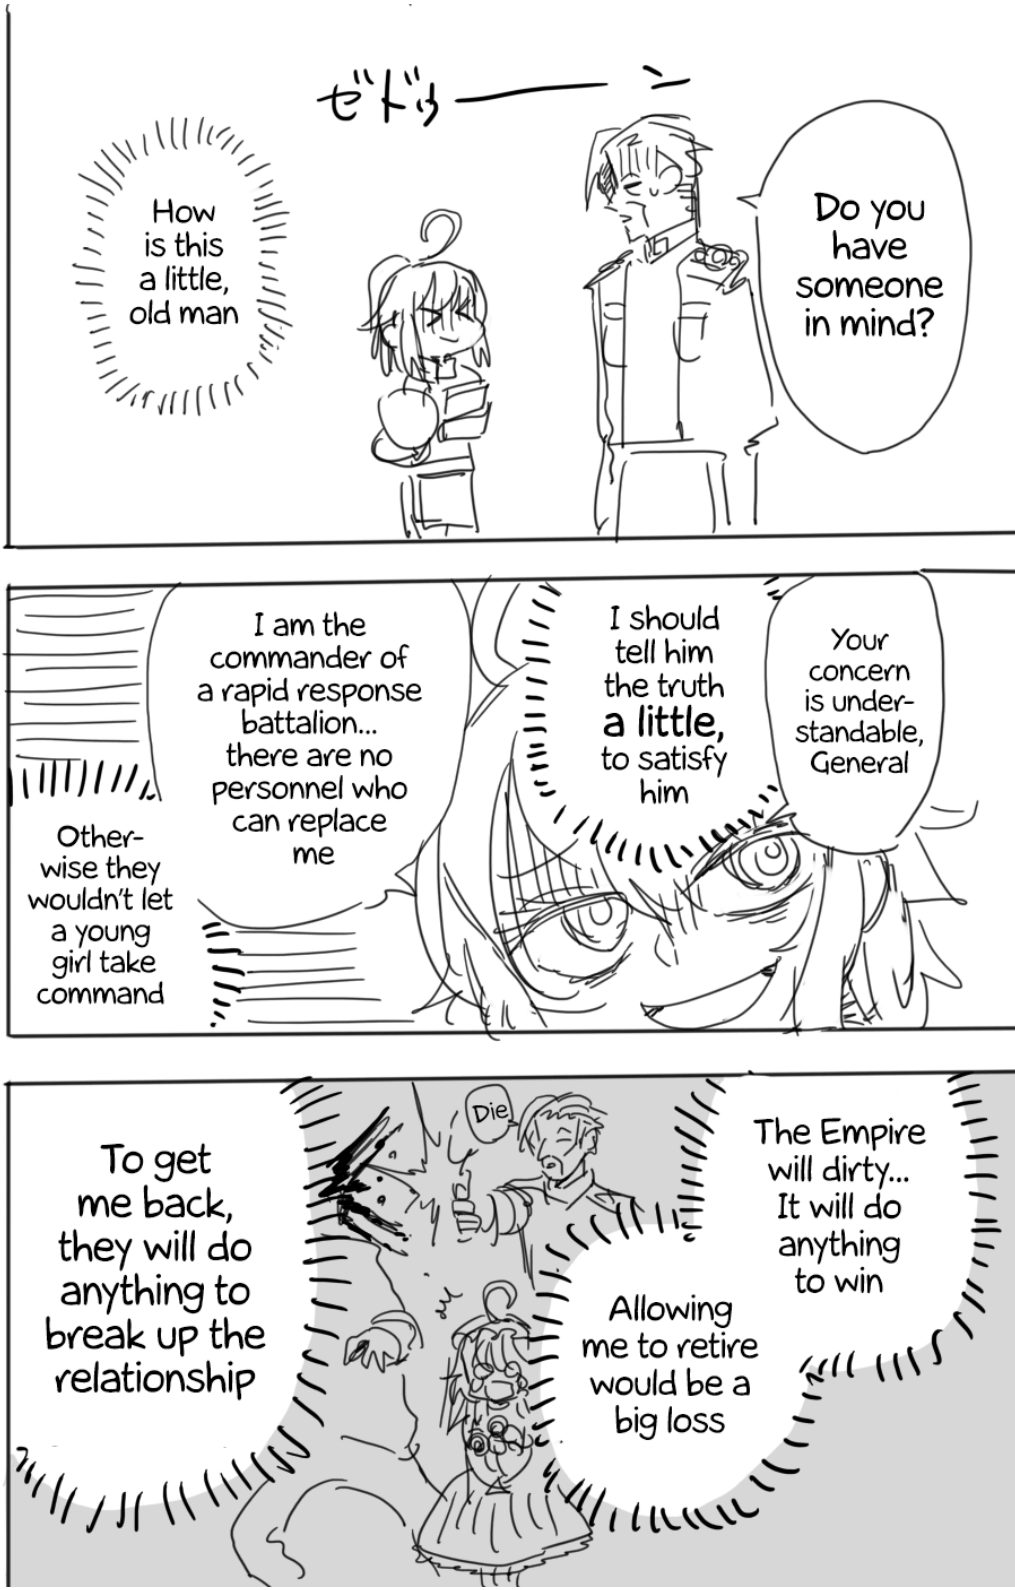
It should be possible to enjoy life fully by using the fact that I am a woman
I should use this weak body that Being X gave me to my advantage
She's smiling ...
There's no danger, but there's a number of difficult issues
Library



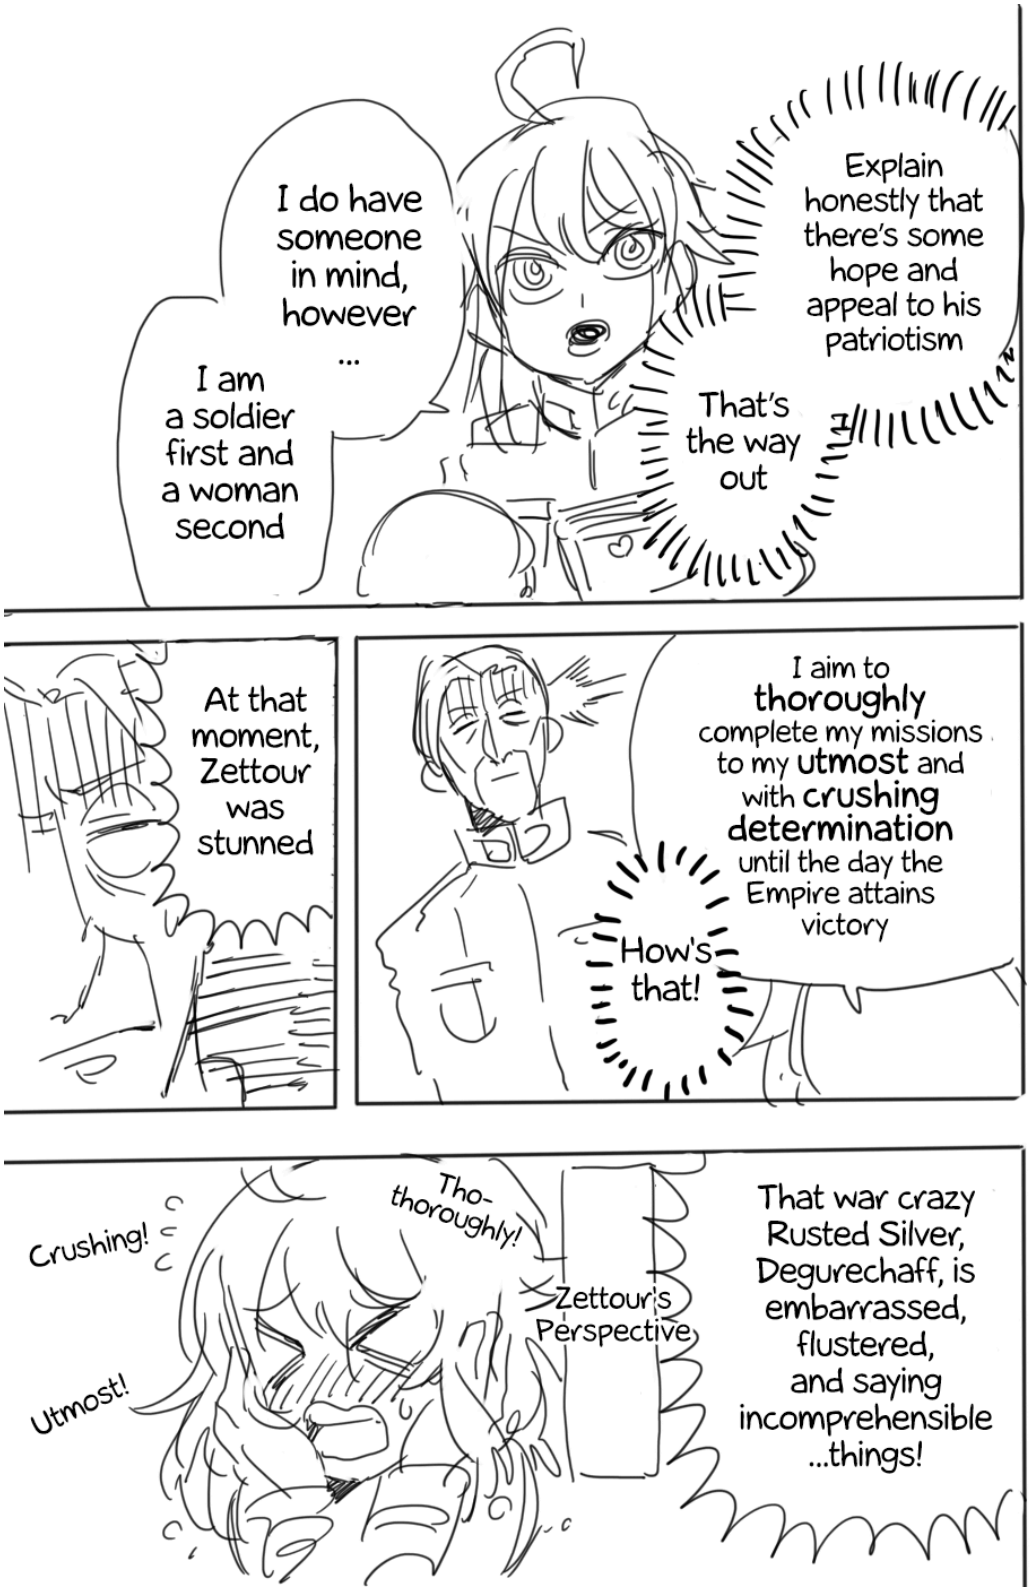
No..... I am a woman now
First of all, I was a man in my previous life
So if I marry a man who is stronger in society, I can be called a spiritual homosexual
Homo
Physio- logically and biolo -gically a female
The next issue is....
In other words not homosexual .....!
Definitely not



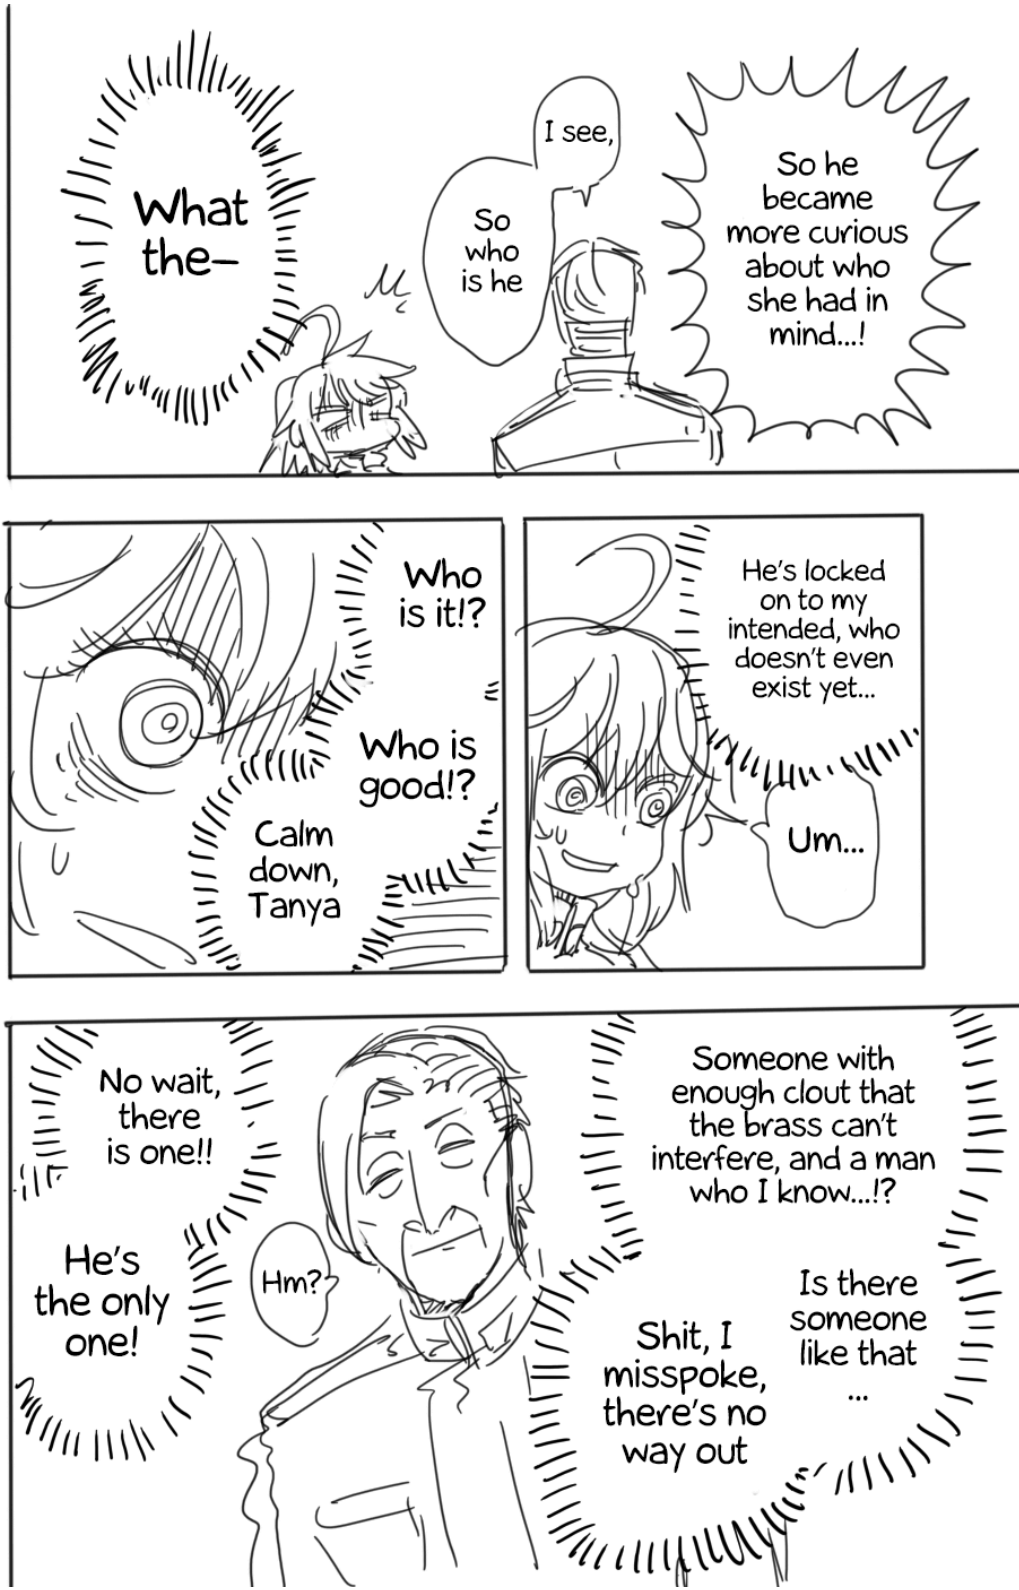
I'm sorry Major, I didn't mean to pry into your private life
No... Not...
ゼトゥーン…
This is... a how to manual for love?
Brigadier General Zettour !?
.....
To bump into the person who started all this, is this a good omen?
The second issue is **who** I should marry...
It's nothing ...
May I ask a little question?
See, he asked
Of course, General



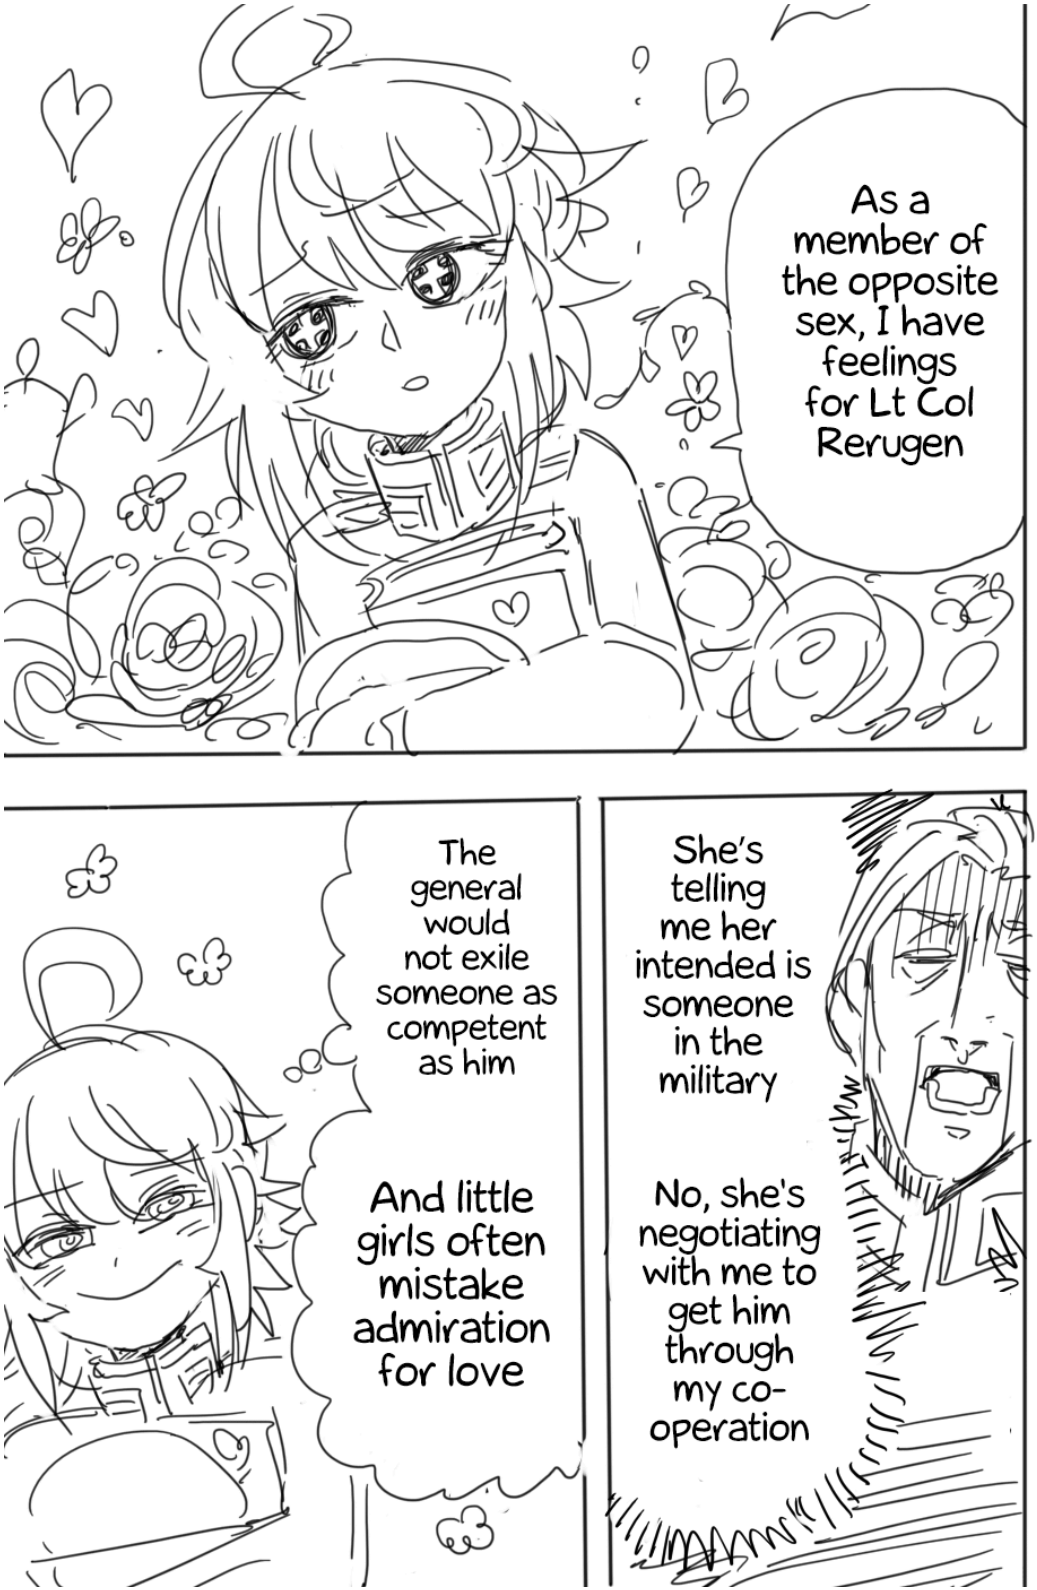
ゼドゥーン
How is this a little, old man
Do you have someone in mind?
Your concern is understandable, General
I should tell him the truth a little, to satisfy him
I am the commander of a rapid response battalion... there are no personnel who can replace me
Otherwise they wouldn't let a young girl take command
The Empire will dirty... It will do anything to win
Allowing me to retire would be a big loss
To get me back, they will do anything to break up the relationship
Die



I do have someone in mind, however ...
I am a soldier first and a woman second
Explain honestly that there's some hope and appeal to his patriotism
That's the way out
At that moment, Zettour was stunned
I aim to thoroughly complete my missions to my utmost and with crushing determination until the day the Empire attains victory
How's that!
Crushing!
Utmost!
Tho-thoroughly!
Zettour's Perspective
That war crazy Rusted Silver, Degurechaff, is embarrassed, flustered, and saying incomprehensible ...things!



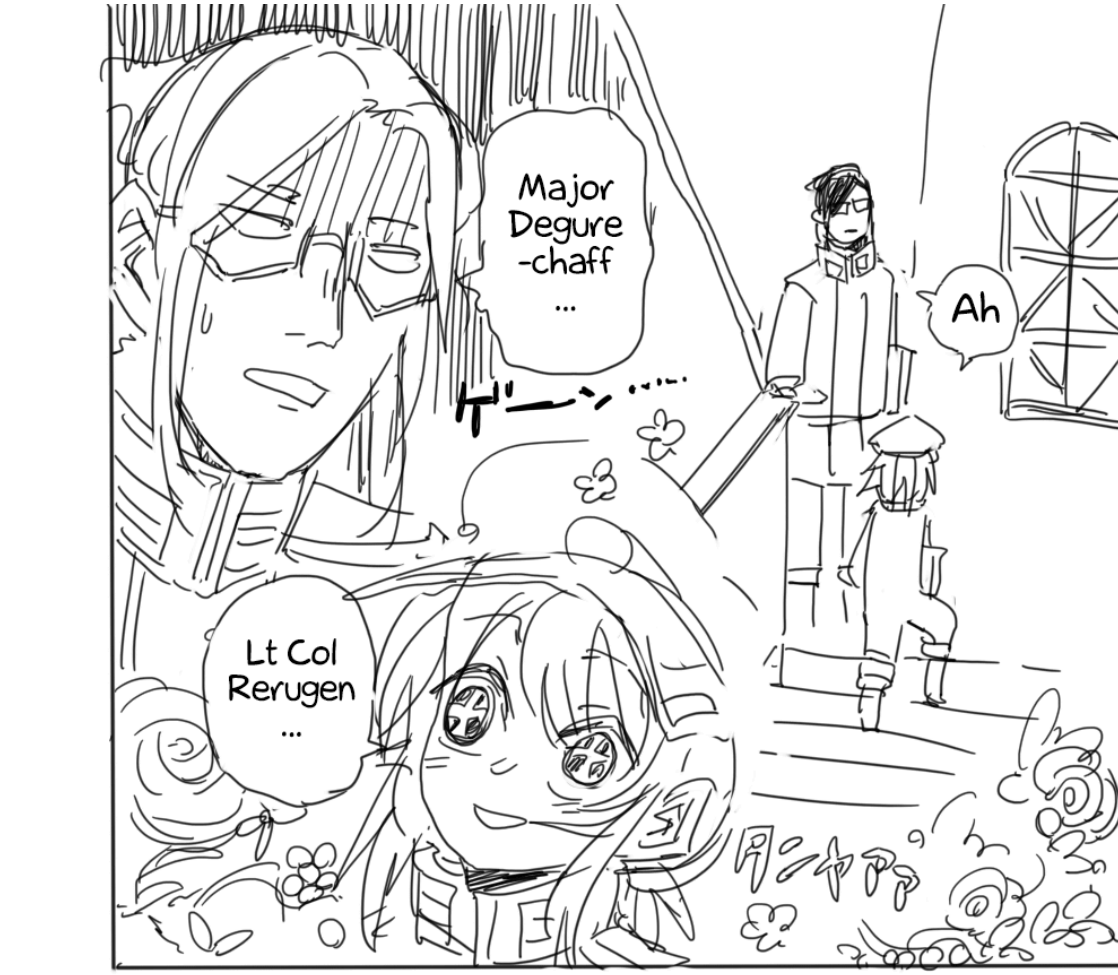
What the–
I see,
So who is he
So he became more curious about who she had in mind...!
Who is it!?
Who is good!?
Calm down, Tanya
He's locked on to my intended, who doesn't even exist yet...
Um...
No wait, there is one!!
He's the only one!
Hm?
Someone with enough clout that the brass can't interfere, and a man who I know...!?
Shit, I misspoke, there's no way out
Is there someone like that ...



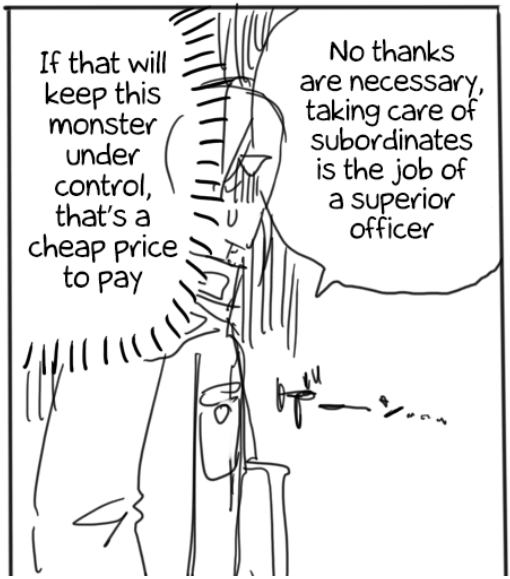
As a member of the opposite sex, I have feelings for Lt Col Rerugen
She's telling me her intended is someone in the military
No, she's negotiating with me to get him through my co-operation
The general would not exile someone as competent as him
And little girls often mistake admiration for love

I can implant the impression that I am a little girl suitable to my age and get out of here...
What a monster, she's trying to use his superior for her love
I will support you
Yes, sir?
Yes, sir!

Isn't it the job of adults to teach wayward children?! Teach me!
If you would excuse me
Wait, wait, what's going on
Oh, the Lt Col should be on the floor above
Thank you very much
He may have suddenly popped up, but he's not bad...
He's young with a bright future, I can have intelligent conversations with him, and I don't feel stress interacting with him ...
Most importantly, he is a kind person who is always on my side
At this rate, he'll think that I really do love Lt Col Rerugen ...
Wait

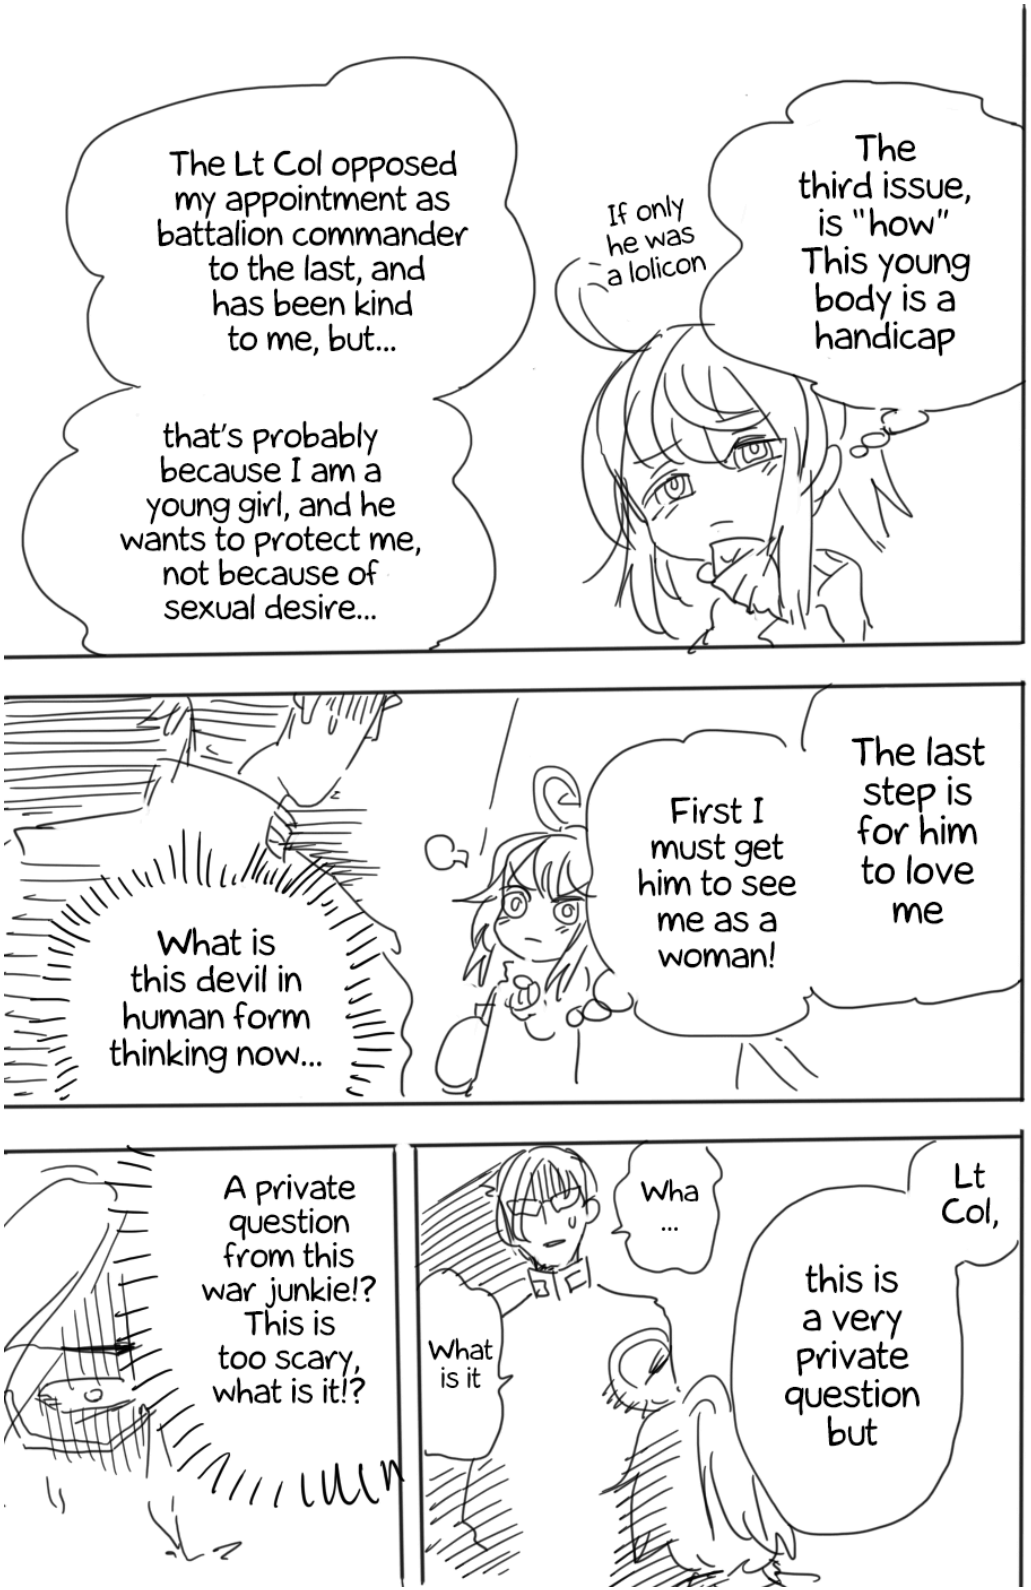


Major Degure -chaff ...
Ah
Lt Col Rerugen ...

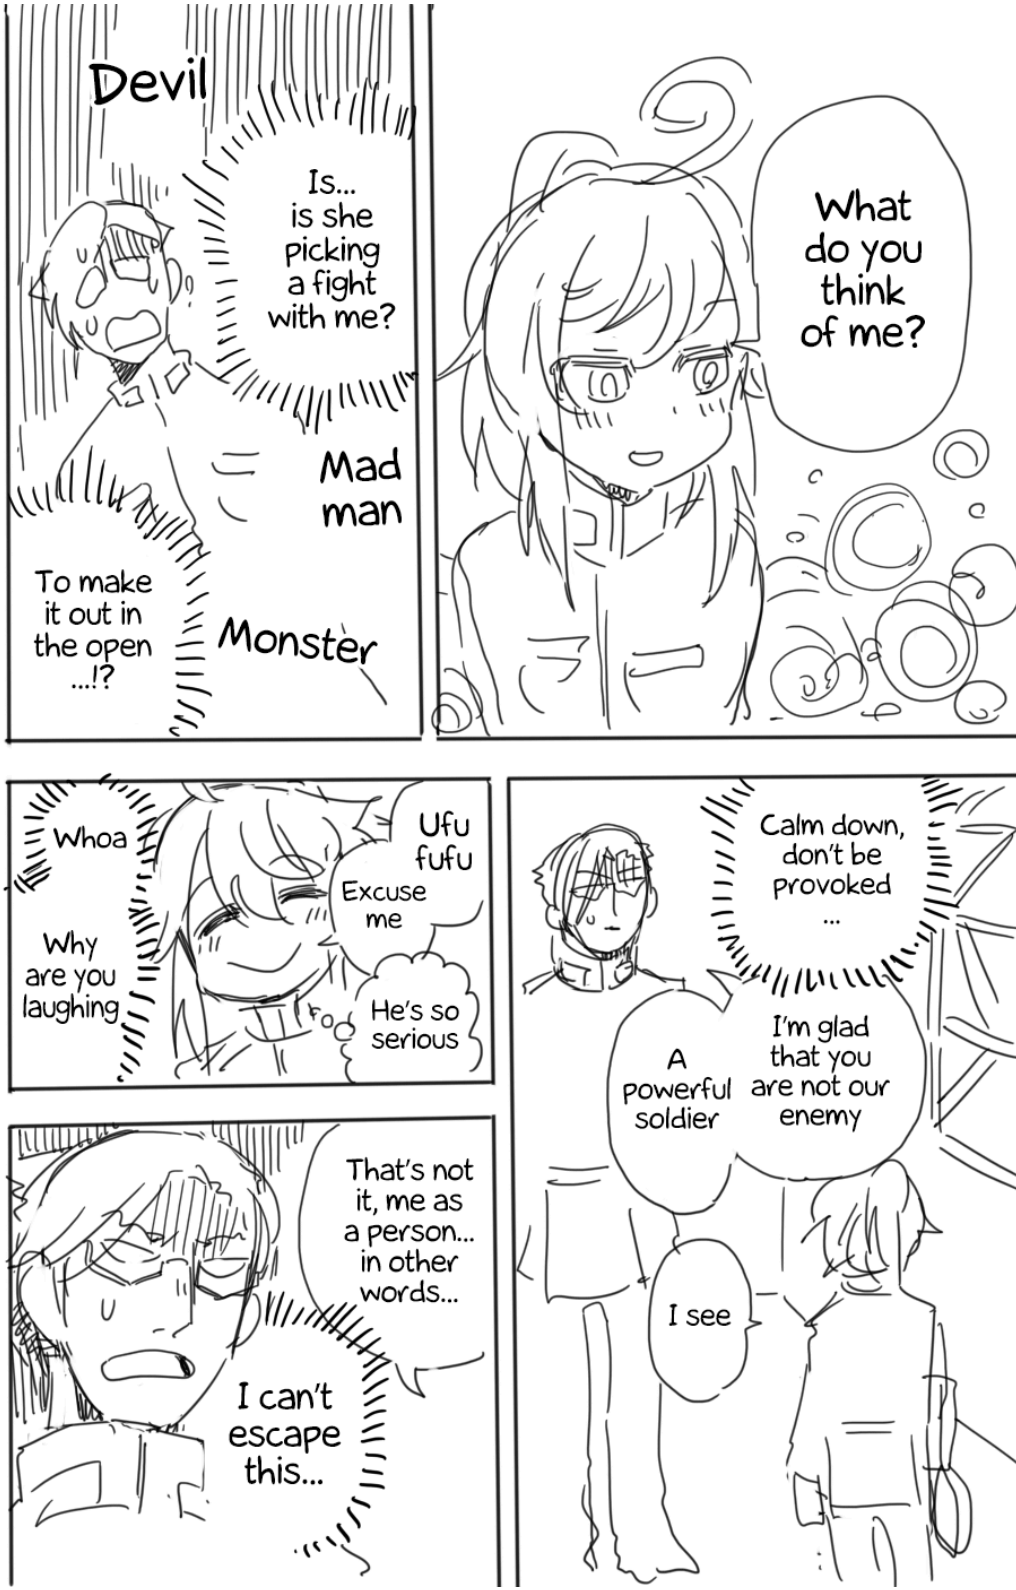


If that will keep this monster under control, that's a cheap price to pay
No thanks are necessary, taking care of subordinates is the job of a superior officer

This closeness... maybe the goal is close
I must thank you again for the coffee beans yesterday, they were great

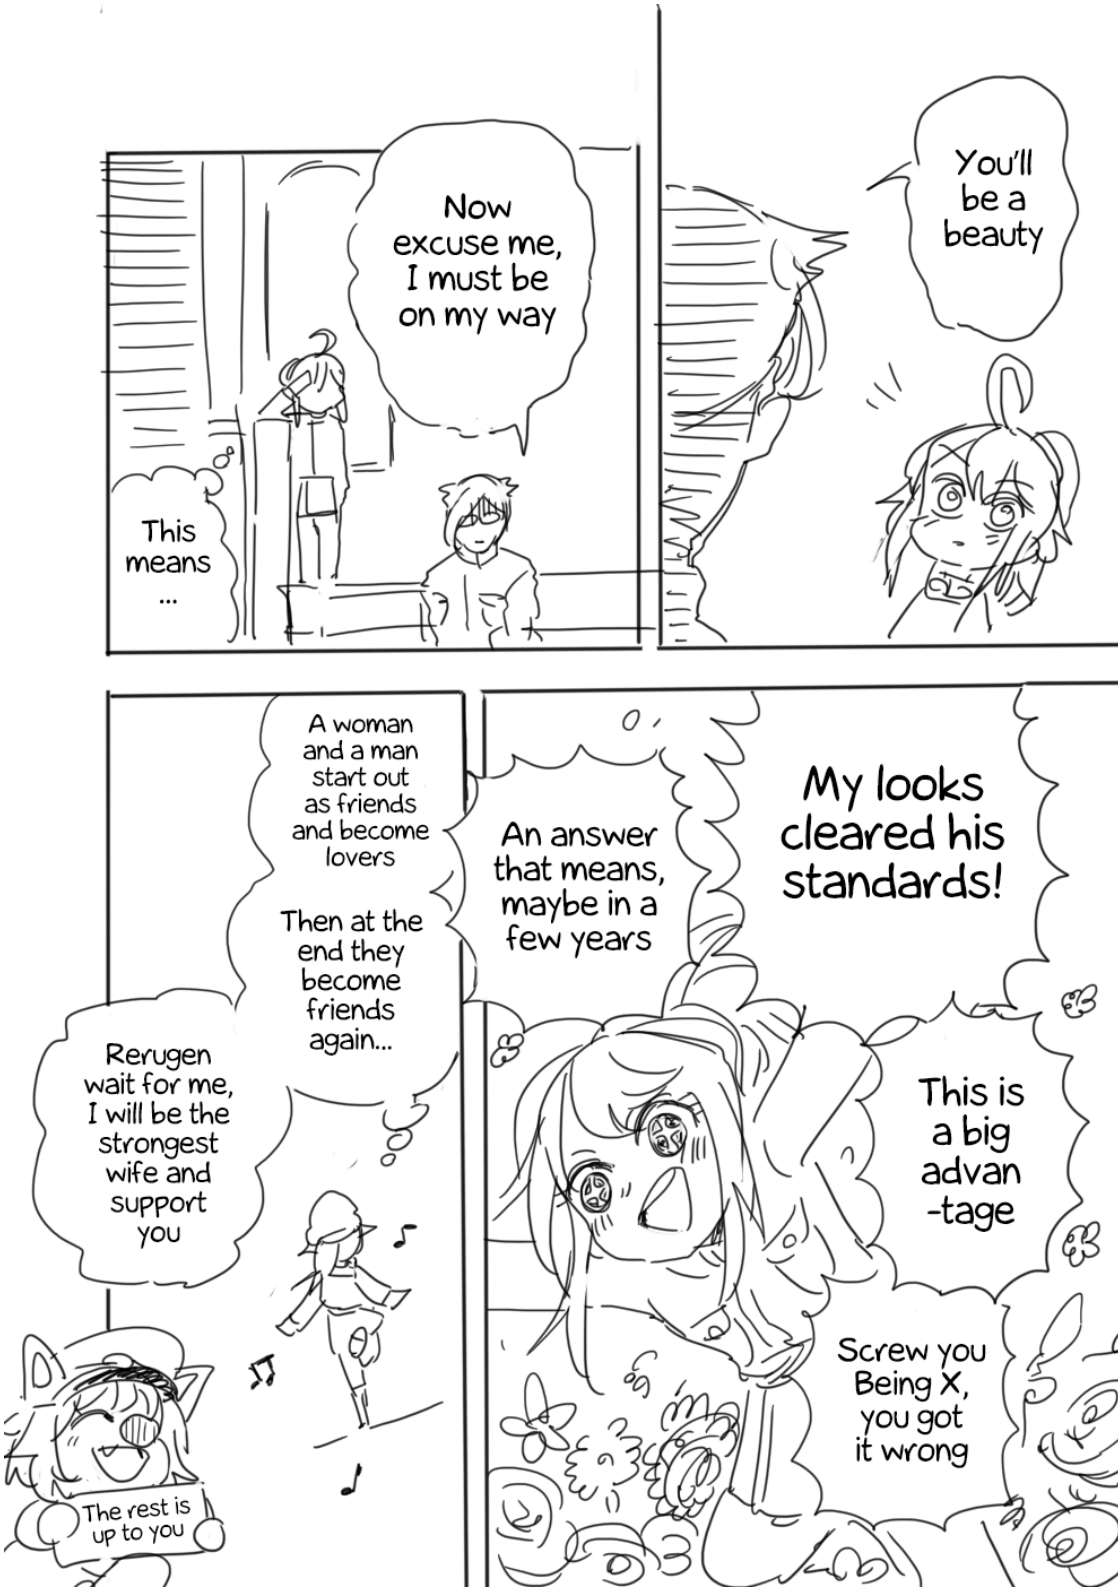


The Lt Col opposed my appointment as battalion commander to the last, and has been kind to me, but...
that's probably because I am a young girl, and he wants to protect me, not because of sexual desire...
If only he was a lolicon
The third issue, is "how" This young body is a handicap
What is this devil in human form thinking now...
First I must get him to see me as a woman!
The last step is for him to love me
A private question from this war junkie!? This is too scary, what is it!?
What is it
Wha ...
Lt Col,
this is a very private question but



Devil
Is... is she picking a fight with me?
Mad man
To make it out in the open ....!?
Monster
What do you think of me?
Whoa
Why are you laughing
Ufu fufu
Excuse me
He's so serious
That's not it, me as a person... in other words...
I can't escape this...
Calm down, don't be provoked ...
A powerful soldier
I'm glad that you are not our enemy
I see

What do you think of me as a woman!
ビクッ
Huh ...
This is embar-rassing
If I say it this explicitly any man will under-stand
What's her goal ...!?
I don't understand, I don't understand, I don't understand
This is far scarier than facing a huge enemy army ...!
What ...!? What does she mean!!



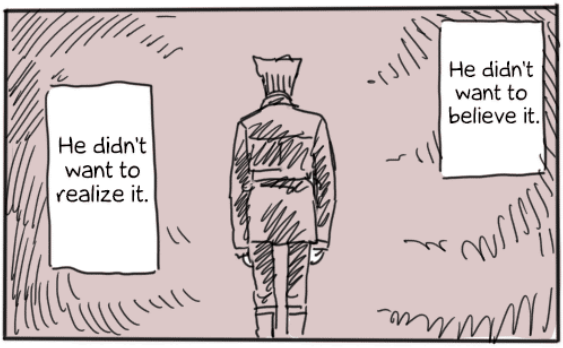
Now excuse me, I must be on my way
This means ...
You'll be a beauty
A woman and a man start out as friends and become lovers
Then at the end they become friends again...
Rerugen wait for me, I will be the strongest wife and support you
The rest is up to you
An answer that means, maybe in a few years
My looks cleared his standards!
This is a big advan -tage
Screw you Being X, you got it wrong

that he is the only one that can save the world ...

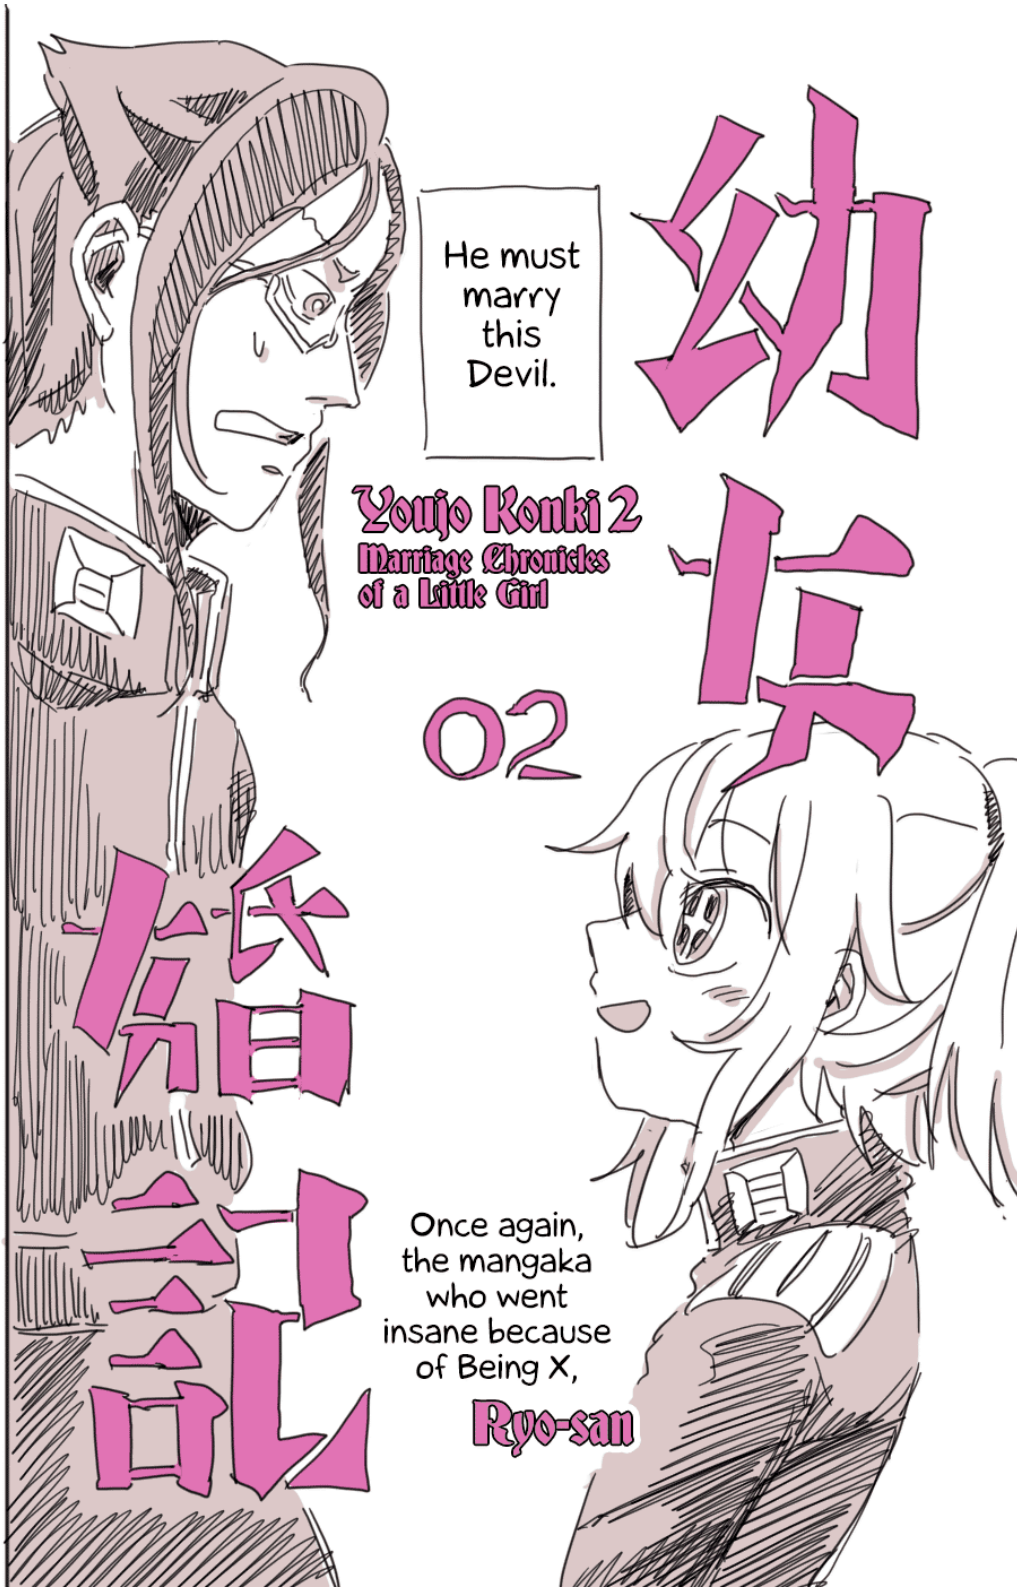
Erich von Rerugen has sadly realized

No one saw through her charade,
a cup of wine proffered by the Devil.

Were this a story written by God, Erich would just want to scream 'Why me!?'
Lieutenant Colonel Rerugen
That to save the world,



He didn't want to realize it.
He didn't want to believe it.



He must marry this Devil.

Back to several months before.
Second Lieutenant Serebryakov.

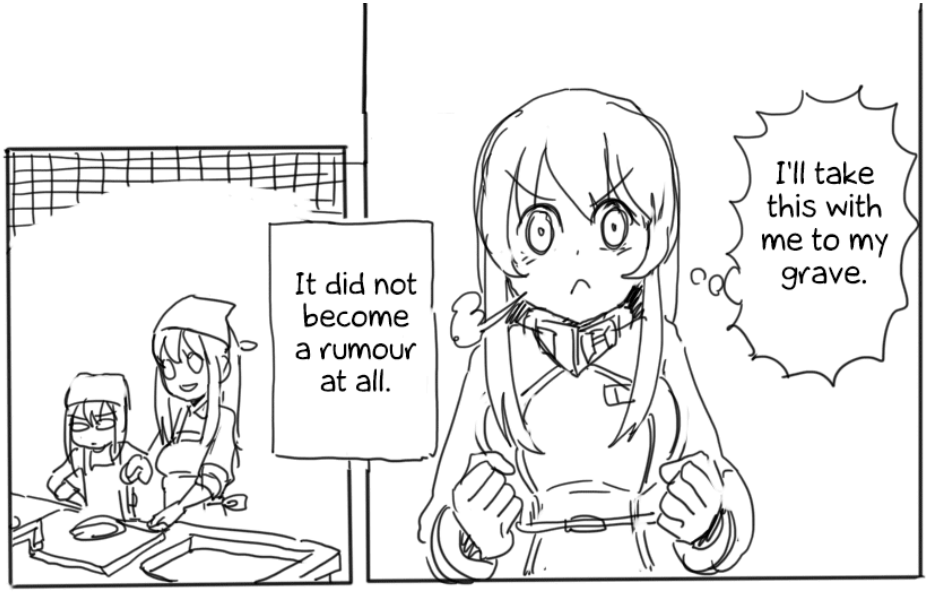
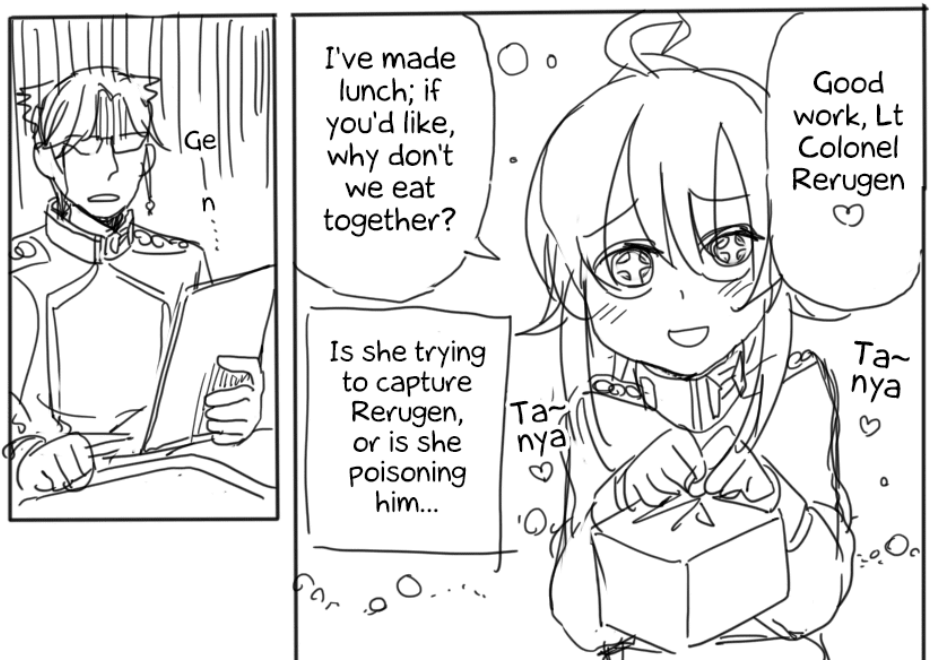
Teach me how to cook this and this.
Okay?
Of course, not just how to make it, but a concrete way of improving its quality.
You are good at cooking, aren't you?
I-I am ...
Ah, my bad, do you want compensation? If there is something you need-
It's not that...
If it's something you like,
I can make it for you ...
Then there's no point.
I've been researching what Lt Colonel Rerugen likes.
These dishes are some of them.
I see ?

It may be forward of me, but I hope that I will be able to assist you on your next operation!
You're too loud.
And stop salut-ing.
It's the Major, so this must be some vital part of a strategy.
Yep!
So don't ever tell anyone about it.
Listen,
this is not an order, I'm just asking as a friend.
Female are talkative.
If they're told to keep some-thing personal a secret, you're pretty much asking them to talk about it...
You just have to lay a foundation.
Eh!!?
For real!!?
Tanya-chan is in love with Rerugen Senpai.
The 2nd Lt is a capable officer, I'm sure she understand what I actually meant.



It did not become a rumour at all.
I'll take this with me to my grave.

but everyone was thinking of other possibilities.
She might just be trying to understand him,



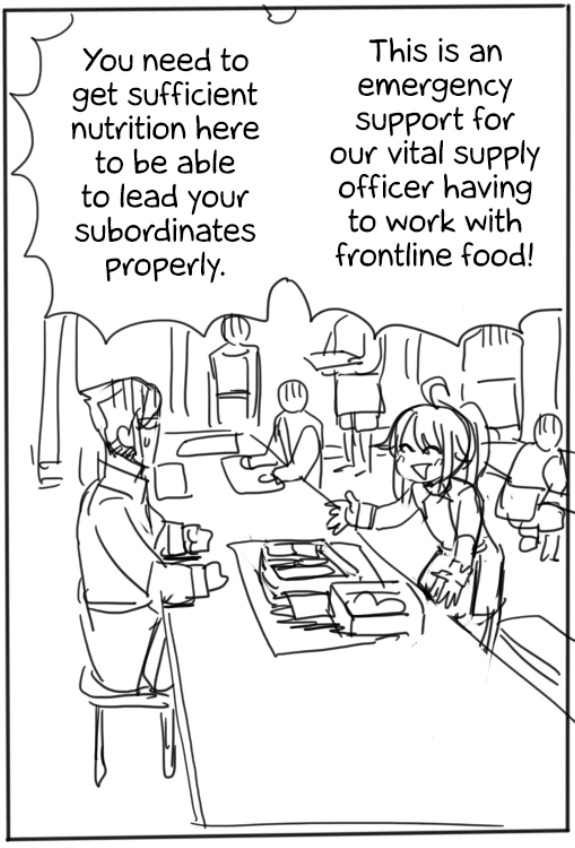
Ge
n
I've made lunch; if you'd like, why don't we eat together?
Good work, Lt Colonel Rerugen
Is she trying to capture Rerugen, or is she poisoning him...
Ta~ nya
Ta~ nya

Yes, but I had to came into work because of an emergency.
But I am off duty.

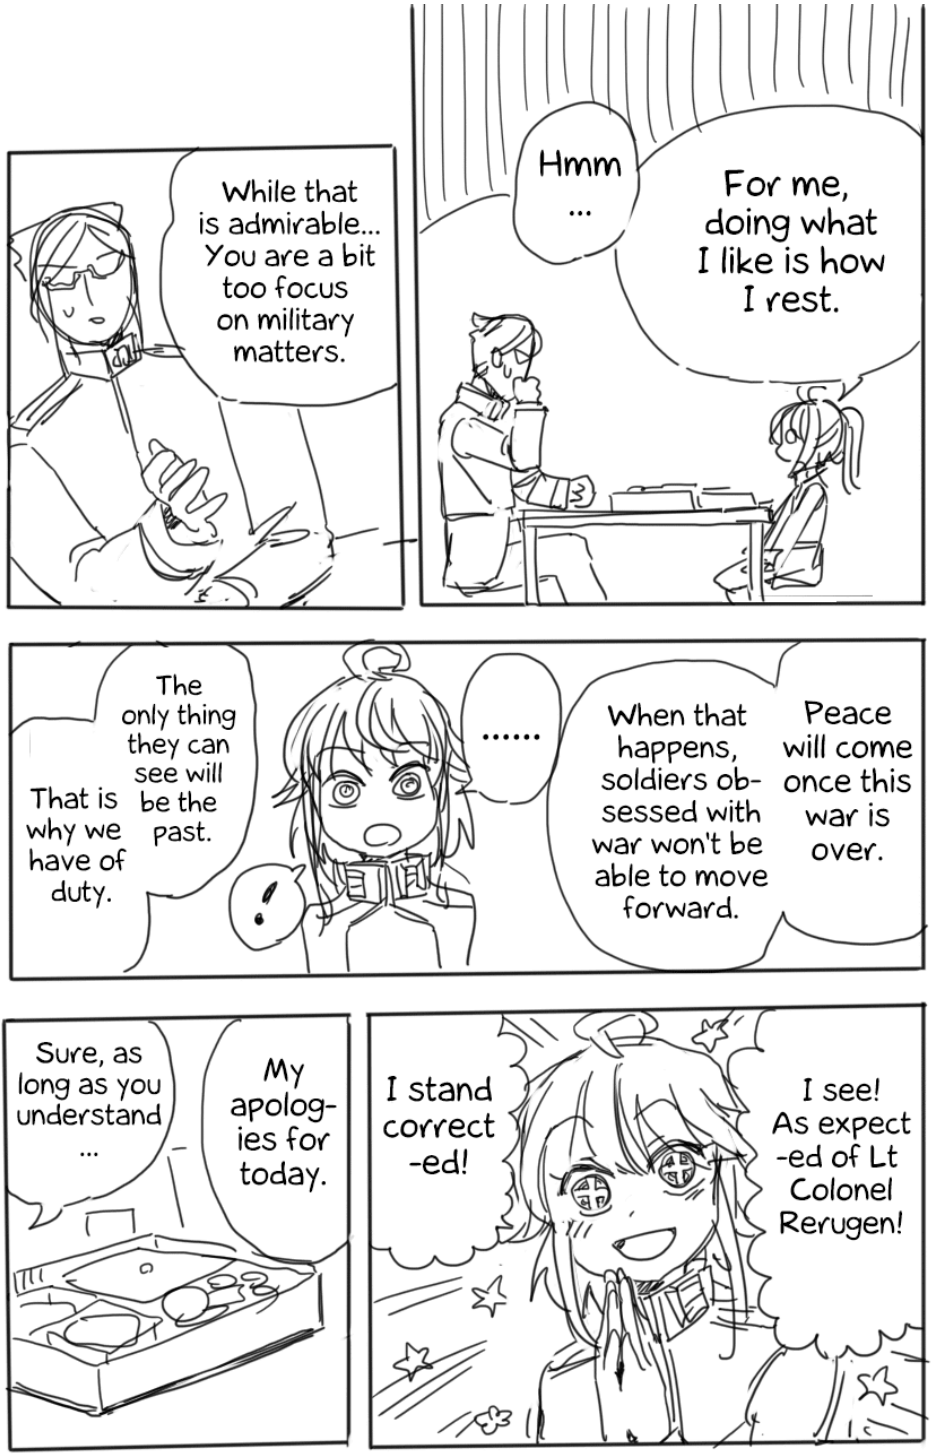
Major Degurechaff, I'm sure you're off duty today.

I'm grateful for your kindness, but...

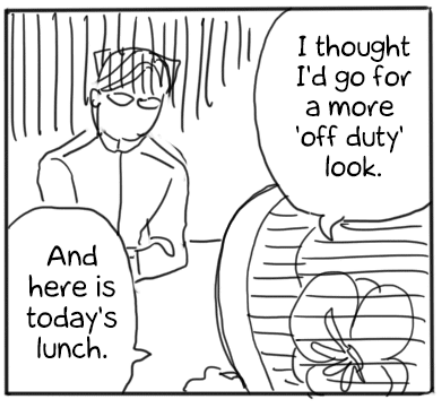
Being off duty means resting when you can, does it not?



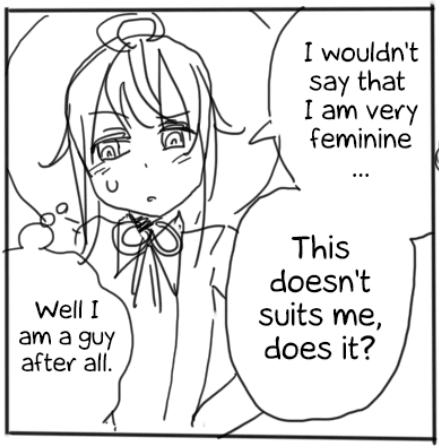
You need to get sufficient nutrition here to be able to lead your subordinates properly.
This is an emergency support for our vital supply officer having to work with frontline food!



While that is admirable... You are a bit too focus on military matters.
Hmm ...
For me, doing what I like is how I rest.
That is why we have of duty.
The only thing they can see will be the past.
.....
When that happens, soldiers obsessed with war won't be able to move forward.
Peace will come once this war is over.
Sure, as long as you understand ...
My apologies for today.
I stand correct-ed!
I see! As expect-ed of Lt Colonel Rerugen!



I thought I'd go for a more 'off duty' look.
And here is today's lunch.

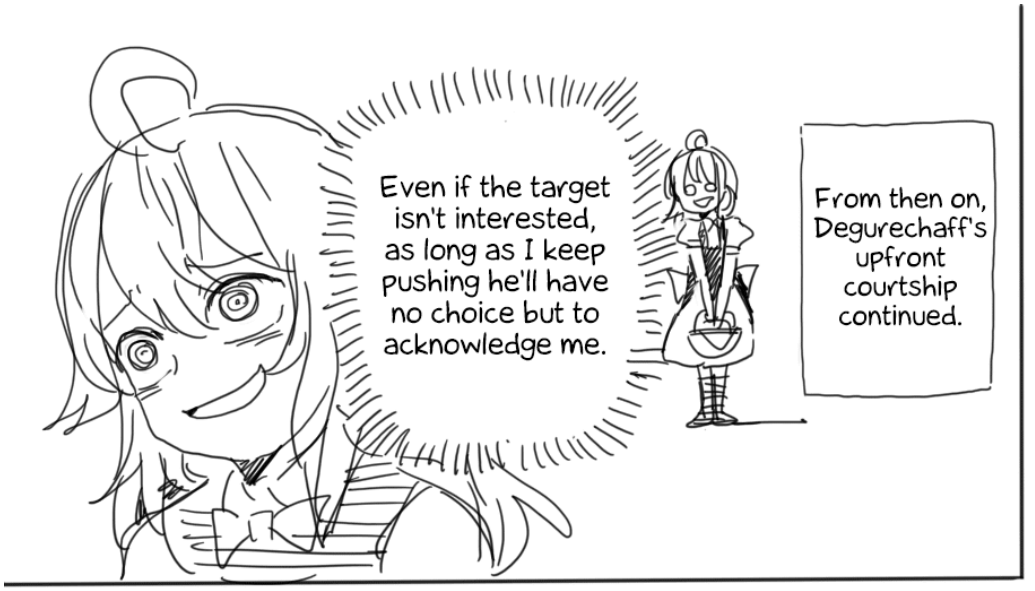


I wouldn't say that I am very feminine ...
This doesn't suits me, does it?
Well I am a guy after all.

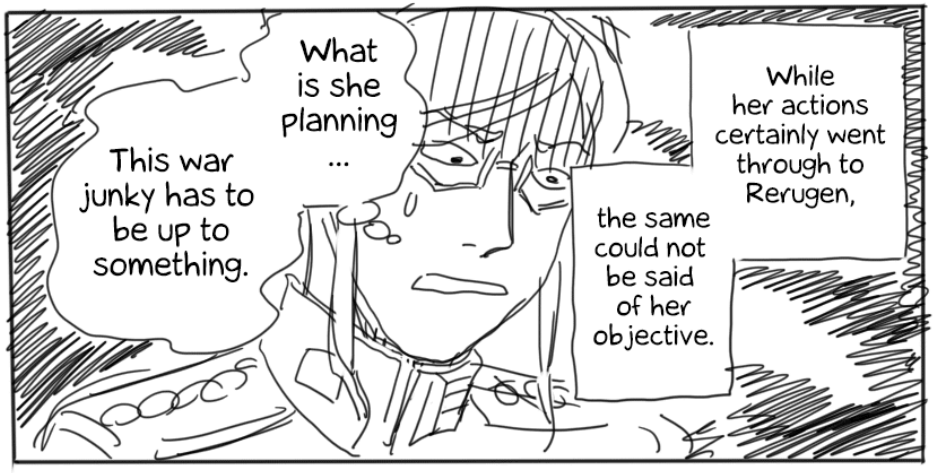
Why are you dressed like that !?
Yes ?

It does!? Really!?

That's ...well,
it does suits you, but ...



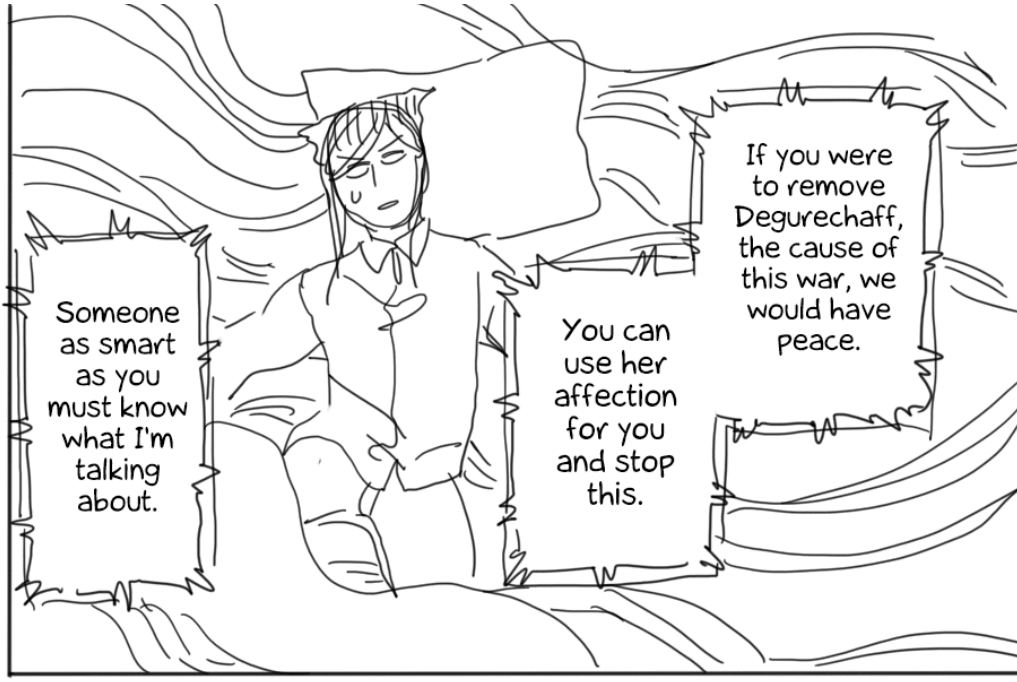
Even if the target isn't interested, as long as I keep pushing he'll have no choice but to acknowledge me.
From then on, Degurechaff's upfront courtship continued.



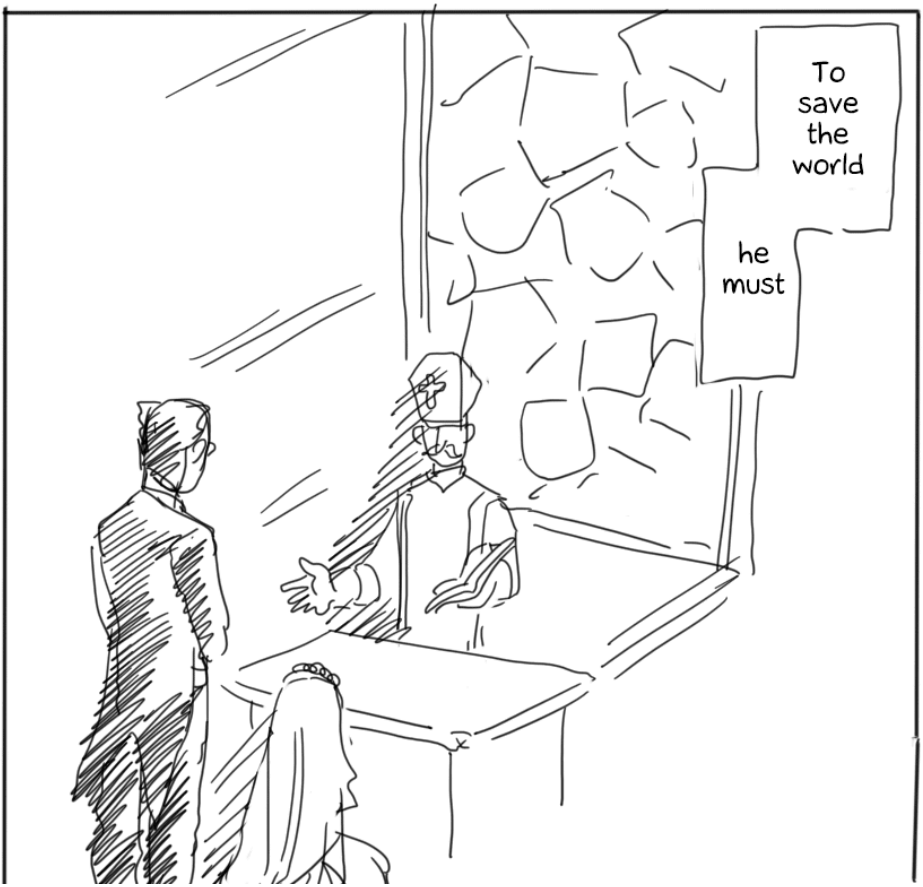
What is she planning ...
This war junky has to be up to something.
While her actions certainly went through to Rerugen,
the same could not be said of her objective.

Don't you hate World War?

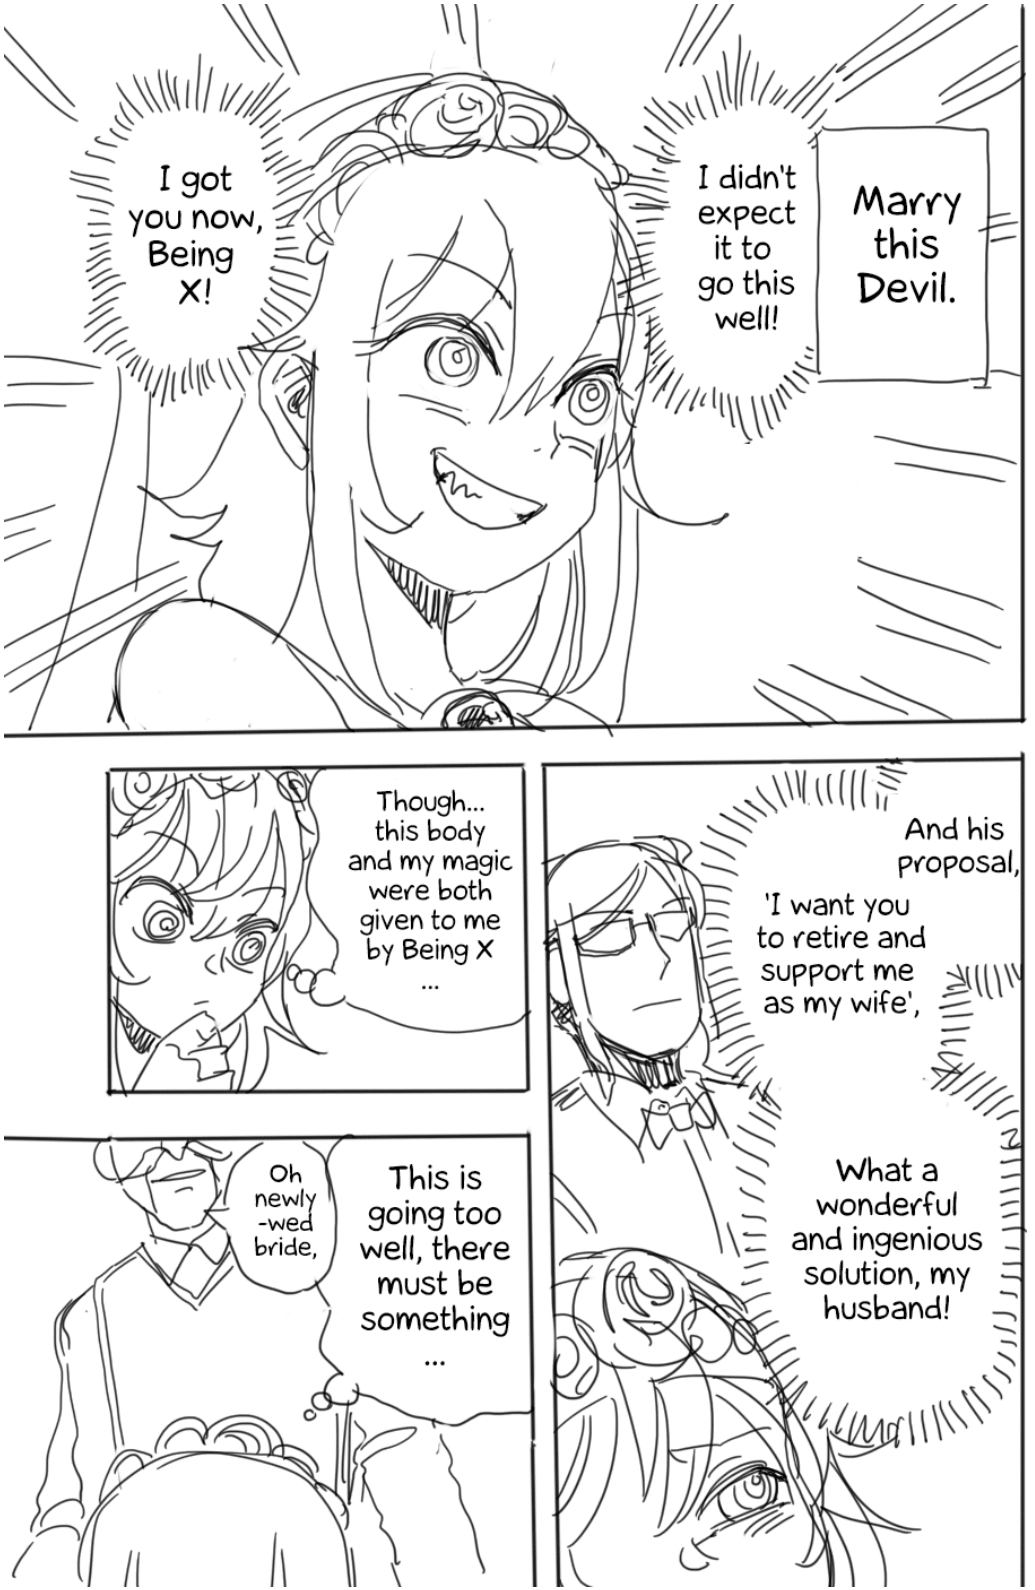
God here.
But one day, there is a message from heaven.



Someone as smart as you must know what I'm talking about.
You can use her affection for you and stop this.
If you were to remove Degurechaff, the cause of this war, we would have peace.



To save the world
he must



Marry this Devil.
I didn't expect it to go this well!
I got you now, Being X!
And his proposal,
'I want you to retire and support me as my wife',
What a wonderful and ingenious solution, my husband!
Though... this body and my magic were both given to me by Being X ...
This is going too well, there must be something ...
Oh newly -wed bride,

swear your eternal love to God.
My, my, what a terrible thing on such a joyous day.
It's been while! I'll tear you apart!
B-Being X!!

If you do not say your prayer to God then this marriage won't be completed!
What will you do, child of man!?
Damn you, Being X...
Why do you always ...
Listen here!
No matter how many time you make me pray!
No matter how faithful you may make me look!
My heart is set !!

I swear
Fin.

This is a good plan. If possible, pull these back as soon as possible and...
W-Why would you do that!?
If you sort this out, you can have your ace cause a diversion here, right?
Hmmm, in that case....
Thanks for reading!
